May everyone know that there is no such thing as an unimportant person
We are all loved and treasured by God.

Fukui Catholic Parish is of three Churches located in different places.

Our Lady of the Sacred Heart Church (Fukui Catholic Church)

Santa Maria Church (Sabae Catholic Church)

Immaculate Heart of Mary Church (Ono Catholic Church)

“May the Sacred Heart of Jesus be loved everywhere” is our motto. It was coined by Father Jules Chevalier, MSC, who founded our Society in France in 1854. Since that time, we have been committed to bringing God’s love, revealed in Jesus the Lord, wherever we are sent. You can find us ministering in a variety of ways by healing the hearts of those who struggle.

Parishes are a great place to find God’s love. As Missionaries of the Sacred Heart, we are committed to discover and highlight God’s presence in any situation we encounter. One of the easiest ways to do this is in parishes. The parish setting makes it possible for us to reach many, many people: the young and the old, the rich and the poor, the sick and the healthy, the single and the married.

My way of life: Live life to the fullest in the Glory of God
